

Ventech Frameless Plaster-in Rectangle Vent

VRT500

OUR Vent

The Ventech VRT500 is a discreet, architectural ceiling vent designed for seamless integration into modern interiors. Featuring a clean 500mm x 153.8mm Linear negative detail with no visible framework or fixings, it delivers a minimalist aesthetic with maximum visual simplicity.

Ideal for larger ventilation requirements, the VRT500 incorporates a 150mm spigot for duct connection.

For a fully unified appearance, exposed surfaces can be re-coloured by painting at the same time as the ceiling.

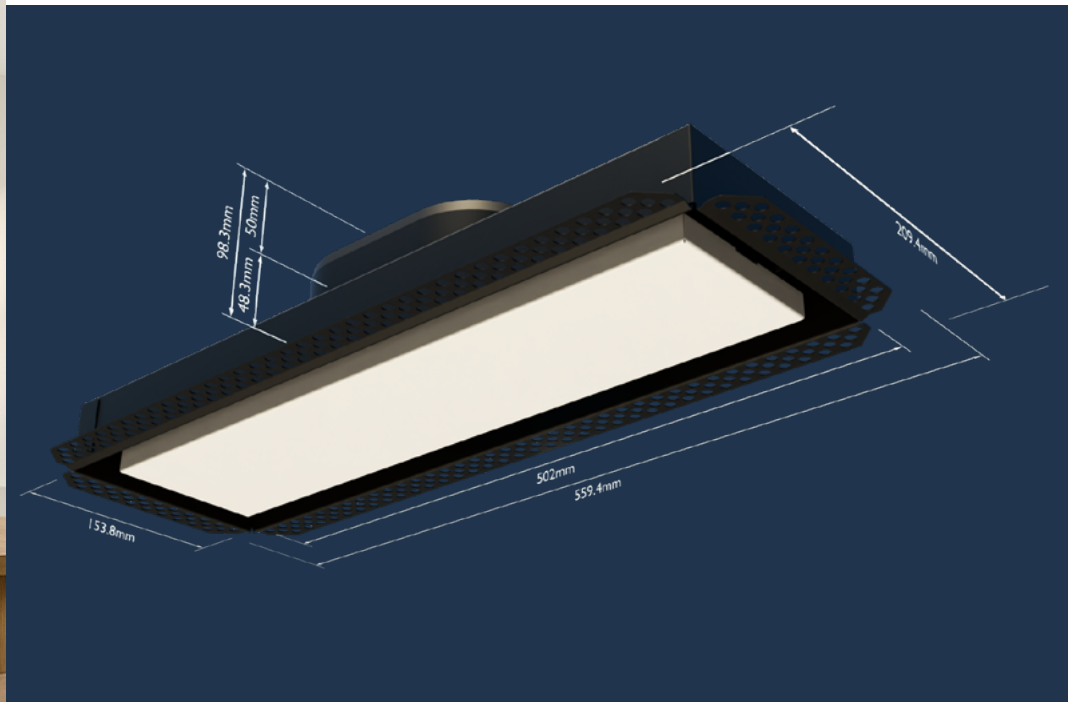

DIMENSIONS

Dimensions: 500 x 150mm
Plaque size: 480 x 110mm
Top spigot: 150mm dia

**For bathrooms,
showers &
laundries**

SPECIFICATIONS

- Ventech VRT500 Frameless Vent with 150mm spigot.
- The frame and plaque are made from zinc-plated and powder-coated steel.
- Suitable fans, ductwork and exterior Vents are also available.
- At a typical flow rate of 90 litres per second, pressure drop is 28 pa.

VRT500

Clip-on Retrofit Vent

- easy fit one-piece framed Vent for retrofit applications
- designed for plasterboard ceilings and walls
- clip-on attachment removes the need for battens and screws

Professional customer service and outstanding company. Would highly recommend Ventech to anyone wanting a high-quality product.
